

1 Q That was it?

2 A Yes.

3 Q What time did the raid take place?

4 A Early in the morning, real early.

5 Q Give me an approximate time.

6 A Daylight.

7 Q It was daylight?

8 A It was -- had just been started to  
9 becoming daylight.

10 Q So, back in May --

11 A You could see, but it was probably in the  
12 early --

13 Q You're talking 5:30, 6:00?

14 A Yes. Yes.

15 Q I don't want to put words in your mouth,  
16 but is that --

17 A I can't say specific time, because the sun  
18 had just come up.

19 Q It was just becoming daylight?

20 A Just becoming day.

21 Q How did you first become aware there was  
22 something about to take place or taking place at  
23 your home?

24 A I heard gunshots, several gunshot fires.

25 Q How many gunshots?

1           A       It's hard to give an exact number. I  
2 heard rapid fire. At least four shots. At least.

3           Q       Were these coming from inside or outside?

4           A       Outside, sir.

5           Q       Now, what type of house is it at 922 Vine  
6 Street? Can you describe it for me?

7           A       It's a two-story house. It has a  
8 basement. It's a city house, it doesn't have a  
9 garage. It's just street parking.

10          Q       How many bedrooms?

11          A       Two bedrooms.

12          Q       Are they upstairs or downstairs?

13          A       Upstairs.

14          Q       What's --

15          A       We use -- we sleep downstairs, though. We  
16 use one room as a bedroom. It's not a bed -- it's  
17 like a dining room -- or not a dining room, a living  
18 room that we use as a bedroom downstairs. Me and my  
19 wife sleeping with the kids. When they stay, they  
20 sleep upstairs.

21          Q       But you and your wife sleep downstairs?

22          A       Yes.

23          Q       All the time?

24          A       Yeah, all the time. We don't like going  
25 up them steps.
